THE CAMPAIGN FOR LEGAL SERVICES

# Annual Report 2025

# Mission Statement

Our mission is to give low-income people in Silicon Valley access to civil legal counsel by providing funding to the eight local legal services providers listed below. Together, these organizations form the civil legal aid safety net for Silicon Valley, helping thousands of people each year obtain legal assistance that protects their housing, safety, health, income, family stability, and access to justice. Donors to the Campaign support the entire civil legal aid ecosystem in Silicon Valley, providing flexible funding that strengthens the overall legal aid network, encourages collaboration among legal aid providers, and helps ensure that the organizations working closely with the communities they serve have the support they need most.

Bay Area Legal Aid (Santa Clara County office)
